A nonprofit corporation dedicated to increasing awareness of the 3 Rs – Reduce, Reuse, Recycle

F.O.R. Wellesley Take and Leave Opening 2010

The T&L opened officially on April 1, 2010 although volunteers setup a few days earlier. Last year a three-year effort to set up a cover for the “Take and Leave” (T&L) section at the RDF was completed. That enabled us to open the area earlier this year.

This cover allowed us to realize some great benefits last year. Mainly FOR members were able to save more of the best material and keep it longer for the benefit of the “shoppers” who “take” from the area. Our goal for CY 2010 is to continue to improve the experience for those who use the T&L and we expect to build on the success last year.

Did you know that Senior Citizens who qualify get Wellesley property tax credits based on certain volunteer activities? Volunteering at the Take and Leave is an accepted activity. We had people qualify for these credits this year.

Our group enjoys the valuable service we perform for the Town and we welcome others to join us. One can work in a variety of ways or times so please contact us by speaking with Cathy at 781-235-7600 x3345 and all are invited to attend our meetings that vary from month to month but always occur on the first Wednesday of each month at 7:30PM at Arnold room in the Main Wellesley Library. This is a change from the past many years when we met at the DPW Board room at the Public Works office. The Library is a very nice place to meet.
