## DEPARTMENT OF PUBLIC WORKS PARK & HIGHWAY DIVISION HIGHWAY PROGRAM

56 WOODLAWN AVENUE • WELLESLEY, MA 02481-4925

### Construction Notification

Last summer and fall, the Wellesley Highway Program resurfaced a street abutting your property under the Annual Resurfacing Program. Below is a listing of the streets impacted. A hired contractor paved these streets. Unfortunately, we have determined that there is a problem with some of the streets that were paved. In several places the asphalt is failing. You might have noticed the street disintegrating in areas or potholes developing.

We are currently working with the contractor and a private engineering firm to determine the cause of the failure, the extent of the failure and the appropriate actions needed to resolve the problem.

Since we are in the process of determining the appropriate work needing to be performed, we are unable at this time to give firm dates or extent of work. The work may be performed this summer and could include the excavation of the existing pavement on all or portions of the streets.

We want to make sure that you are aware that we are working on resolving the problem and that construction will be occurring again on your street in the future. In the near future, you may notice a contractor testing and inspecting the streets. This work will be quick and should not impact your driving or parking.

We will post information to the Town of Wellesley website as it is available ([www.wellesleyma.gov](http://www.wellesleyma.gov)). We will also send out construction notifications when we have firm dates.

We apologize in advance for the inconvenience this work may cause and ask for your patience and cooperation. If you have any questions, please contact the Park & Highway Division at (781) 235-7600 extension 325.

#### List of Impacted Streets

Hillside Road	Crest Road
Fiske Road	Howe Street
Prospect Street	Westerly Street
Damien Road	Everett Street
