Petition of Irene F. Hedges

Pursuant to due notice the Board of Appeal held a public hearing in the hearing room on the second floor of the Town Hall at 8:00 p.m. on April 29, 1969, on the petition of Irene F. Hedges requesting permission to continue to use a portion of the dwelling located at 16 Eaton Court, for a Telephone Answering Service as provided under Section XXIV of the Zoning By-law.

On February 20, 1969, the petitioner filed with this Board her request for a hearing and thereafter due notice of the hearing was given by mailing and publication.

The petitioner appeared at the hearing in support of her request.

Statement of Facts

The house involved is located within a Single-residence District in which the above-mentioned use is not permitted unless permission is obtained from the Board of Appeal.

For a number of years, permission has been granted annually by this Board to use a portion of the property involved as a Telephone Answering Service on a temporary and conditional basis. The petitioner now requests permission to continue its use in the same manner for another year. It was stated by the petitioner that the Telephone Answering Service is the only type of business being operated on the premises; that she had notified the Telephone Company to delete the address of 16 Eaton Court on any and all accounts now appearing in the Telephone Directory and that she occupies the building and does not rent any portion of it.

Decision

The circumstances have not changed in this case, therefore, it is the opinion of the Board that a real need exists for the continued use of the property as a Telephone Answering Service and that such use of the property will not substantially reduce the value of any property within the District or otherwise injure the neighborhood.

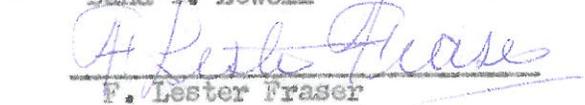

At the request of this Board, the petitioner submitted a copy of a letter from the New England Telephone and Telegraph Company, dated February 21, 1969, in which it stated that in the future the address of 16 Eaton Court would be deleted on the listings requested and that certain listings had already been deleted.

A letter was also received from the petitioner dated July 15, 1969, in which she stated that she had again requested the Telephone Company to delete the address of 16 Eaton Court on any and all accounts now appearing in the Telephone Directory.

Accordingly, the requested permission is granted to use the premises for the specific use requested in the petitioner's application on file upon the condition that:

1. That all calls and messages shall be conveyed by telephone.
2. That the petitioner shall not employ more than three employees in addition to herself.
3. That no portion of said building shall be let or sublet.
4. That said premises shall not be used as a mail-drop, a telephone listing address, or as an address by any person or business other than the petitioner.
5. That said permit shall expire one year from the expiration of the permit for which this is a renewal.
