Green Wellesley Campaign

2014 Environmental Film Series

Simple Steps to a Greener Home – February 25th at 1:00pm – 2:30pm

Please join the Wellesley Natural Resources Commission for this short and informative film that will lead you through some easy (and fashionable!) steps you can take to green your home! Hosted by environmental lifestyle expert Danny Seo, this video explores ways to remodel and accentuate your home, including flooring, carpeting, and renewable energy options. The film will also be followed by a brief discussion by NRC board member Dr. Sarah Little, who will offer simple step-by-step green cleaning recipes for your home and a Q & A session.

The NRC's Green Wellesley Campaign advocates for the protection of our environment and promotes sustainability by raising awareness and increased action! The environmental film series is our Campaign's new initiative to inform Wellesley citizens about aspects of sustainable living, climate change, and toxins, as well as engage them in making small but significant changes in their daily lives. Come learn about what you can do to make a difference!

The event will take place in the Wakelin Room of the Wellesley Free Library Main Branch at 530 Washington Street, Wellesley, Massachusetts 02482. For more information, please contact NRC Director Janet Bowser at jbowser@wellesleyma.gov or call 781-431-1019, ext. 2290.

For more information on what you can do to make Wellesley a more sustainable community, please make sure to visit our website at http://www.ci.wellesley.ma.us/pages/WellesleyMA_NRC/ or "Like" us on our Facebook page at <https://www.facebook.com/WellesleyNaturalResourcesCommission>.
