

## MEMORANDUM

### Town of Wellesley - Planning Department

---

To: Unified Plan Steering Committee  
From: Michael D. Zehner, Planning Director, on behalf of the UP Project Management Group  
Date: September 29, 2016  
Subject: Appointment of Steering Committee Members

---

At the initial August 30 Steering Committee meeting, the board representatives to the Steering Committee approved the appointment of 18 at-large community representatives. Further, representatives of the Board of Selectmen and Planning Board (as members of the Unified Plan Project Management Group) discussed the goal of recommending for appointment a few additional at-large representatives to ensure that the Steering Committee was broadly representative of the community.

Since the August 30 meeting, one appointed at-large representative has resigned from the Committee (Susan Pinto), while the following three individuals expressed interest in joining the Committee:

- Bongani “Bobo” Musikavanhu
- Steve Yang
- Michelle Chalmers

The Project Management Group would recommend that the Steering Committee appoint these three individuals to the Steering Committee. An updated membership list for the Steering Committee is attached.
