April 23, 1975.

Mr. G. Arnold Haynes, Trustee
Wayne Realty Trust
144 Washington St.
Wellesley Hills, Mass.

Dear Mr. Haynes:

As you know, a final decision has not been rendered by the Board of Appeal on your petition which was heard by the Board on September 27, 1973.

The reason for the delay in this instance, has been due to the necessity of making a study of the drainage system which had to be done during varying conditions, especially after heavy rain storms.

During this interval, Mr. Richard O. Aldrich, Chairman of the Board of Appeal at the time of your hearing, has since resigned as a member of the Board, and it, therefore, appears inappropriate for him to sign a final decision at this time, especially as it appears that additional information may need to be made available to the Board members.

For this reason, the Board requests that you submit a new application which will be advertised and a new hearing held.

We are sorry for this delay and will schedule a new hearing as soon as we receive a new application from you.

Yours very truly,

Administrative Secretary
