Re: Application for a Variance  
Filed by Louis A. and Karen L. Guidry

Dear Ms. Gosselin:

In accordance with prior telephone conversations, I hereby withdraw our application for a variance. Said withdrawal is made without prejudice and on the agreed understanding that the work contemplated and described in the application for a variance does not in fact require a variance in order to be done and the work can be done and be completed under an ordinary building permit as issued by the Town of Wellesley.

Very truly yours,

*Louis A. Guidry*
