

## WHAT IS A TAX DEFERRAL?

A tax deferral allows an elderly taxpayer to defer all or a portion of their tax obligation.

The Clause 41A\* tax deferral option should be considered when a taxpayer's current expenses make the continued ownership of his/her home difficult. The deferred amount will become a lien on the property.

It is also important to note that tax deferral may be used in conjunction with other exemption programs.

As opposed to a property tax exemption, the deferred taxes must eventually be repaid with interest, when the property is sold, transferred or upon the demise of the owner.

Taxes deferred prior to fiscal year 2004 will continue to accrue interest at 8% annually.

Through special legislation the Town of Wellesley was able to convince State Legislators to allow the Town to charge a lower interest rate. Starting with fiscal year 2004 the interest is calculated annually based on the two year constant maturity Treasury rate for the start of each fiscal year.\*\*

The interest rate for FY 2016 is .60%.

## REQUIREMENTS:

- ❖ Owned and occupied the property for at least 5 years as of July 1 of the tax year

## HOW DO I APPLY?

Applications must be filed annually with the Board of Assessors, within three months of the mailing of the third quarter tax bill. The third quarter tax bill is mailed in December each year.

If you think you qualify for the tax deferral program, notify the Board of Assessors at (781) 431-1019 ext. 2272.

As a reminder, the mere filing of an application does not mean you can postpone the payment of your tax.

## HOW LONG MAY TAXES BE DEFERRED?

Taxes may be deferred annually until the taxes due including the accrued interest equal 50 percent of the then assessed value of the property. At that time, the taxes due will continue to accrue interest until such time when the taxes are paid in full.
