

## **Wellesley Council on Aging**

### **Transportation Services**

Please note that as of July 1, 2015, the Wellesley Council on Aging Bus service and Volunteer Drivers Program have merged into using one telephone number (781-235-3046) for all transportation requests. As we work to update our transportation options chart, please call the Wellesley Council on Aging Transportation coordinator at (781) 235-3046 for the most current information until the new chart is made available. We thank you for your understanding during this time of transition and look forward to continually serving your transportation needs.
