Toddler Movement and Song

211301

(Ages 1.5 - 2)

Instructor: Stephanie Gager

This is a great "first class" for young children and their caretakers offering a combination of music and movement in a relaxed setting that allows children to socialize and be part of a group. Children will sing, dance and play while integrating instruments, puppets, parachutes and more. This program provides a fun and easy way to introduce activities which nurture your child's motor, creative and social skills. In addition, it is a fun place to meet other families with young children and make new friends. Adult participation is necessary for the success of this program.

Kids Movement, Art, and Song

211302

(Ages 2 - 3)

Instructor: Stephanie Gager

Come join us for a fun-filled hour of music, movement and art! Along with their adult companion, children will sing, dance and use a variety of rhythm instruments, motor props and art materials to express themselves while having fun socializing with new friends. The class will consist of songs, rhymes and musical games before heading into the mat room for some climbing, building, free play and parachute fun. We will then share a snack with friends and finish off the hour creating a different artistic masterpiece to bring home each week. What could be more fun than parachutes, puppets, paint, glue, feathers and glitter! Snack will be provided. (There is an additional \$12 materials fee to be paid to instructor by cash or check at the first class).

Royal Tea Party

224302

(Ages 4 - 8)

Instructor: Janet Parnes

"Ladies of the Court, I present to you Princess/Sir". The magic of a royal coronation blends with the charm of a children's tea party to produce an event that will enrapture any little girl/boy who has dreams of becoming a Princess/Knight. Pink & silver prevail at this event, which includes a craft, red-carpet coronation, review of table manners (using china/linens, not paper) and introductions; treats, tiaras/crowns; a tea-party tale; and the hilarious The Polka-Dot Princess story/game. Each child will leave with the wand he/she decorated; a tiara/crown, lollipops and summary of the lessons learned. Parents are welcome to drop off children or stay and watch the festivities.

Budding Artist & a Buddy

221407

(Ages 2 - 4)

Instructor: Beth Meditz

Share the joy of creating art together! Unique art activities are specially designed to enhance your child's learning skills and self expression. Each artist will have a wonderful experience, be totally engaged in age appropriate exploration of materials and take home an individual masterpiece from each class. You'll be amazed at what your toddlers can do! Hands-on activities last forever, because we all learn best, by doing. Unique projects are designed for success by Beth from Event-FULL!.LLC (www.event-full.net) Wear mess around cloths or bring a smock.

Fit for Fun Preschool

220203

(Ages 3 - 5)

Instructor: Carol Jackson

Fit for Fun combines fun with games and physical activities with lessons on healthy eating. Activities and games will include fitness, exercise and movement class for potty-trained, preschool aged kids, with a focus on fun and interactive play. This class aims to make active play fun and encourage the students to make healthy choices and exercise a way of life. Music and games are used in conjunction with a few games to introduce a variety of skills that will be helpful in sports or PE classes, as well as just for general coordination, strength, flexibility and cardiac stamina. The class will conclude with 10 minutes of yoga and motivational and inspirational mediation, which will end the class on a happy and healthy note. There will be a healthy snack provided for each class. Be active, be healthy; be fit for fun!

Knuckle Bones Soccer

223102

(Ages 2 - 3)

Instructor: Knuckle Bones Staff

This proven clinic will help children learn the beginning skills, technique and etiquette of soccer. Starting with soft Rhino Skin balls, slowly moving up to size 3 soccer balls, children actively engage in learning everything from passing and kicking, to heading and dribbling skills. Each class begins with a short discussion of the game of soccer, stretching and calisthenics, skill lesson, followed by soccer activities and a soccer game. You will be amazed and your child will feel empowered as they improve throughout this session. Parents are highly encouraged to participate with their child in this program. All must wear appropriate athletic attire and sneakers.

Mini Riders

232214

(Ages 1 - 4)

Instructor: Sweet Meadow Farm Staff

Our patient, well-trained and gentle miniature horses are ready to introduce your child to a lifelong love. He/she will learn how to handle, groom and tack up the miniature horse. They will then spend time in the saddle riding the hand-led pony. Parents are welcome and encouraged to participate in their child's one-on-one learning experience. Our focus is teaching how to work safely around the animals, while having a fun positive experience with the pony. After feeding and putting the ponies away, your child will have a chance to come into our brand new insulated and heated barn and play with our friendly small animals (rabbits, guinea pigs, gerbils, chinchilla etc) for an all-around wonderful experience.

Pony Power

232201

(Ages 2 - 5)

Instructor: Century Mills Stable Staff

A class made just for children ages 2 - 5! Our wonderfully patient small ponies are ready to teach your child the basics of horsemanship. Children will learn how to handle, groom, and tack up the pony, and will spend time in the saddle as well, working on basic control and position. Parents are encouraged to actively participate in the learning experience, and will be taught how to work safely around the animals and how to help their child have a safe and positive experience with the ponies. Century Mill Stables is conveniently located just 3 minutes from 495 and has an indoor ring for classes to run in all weather.

Drawing & Painting Modern Masterpieces

221417-01

(Ages 6.5-12)

Instructor: D'Ann Hansen

In this class students will produce timeless works that will be cherished for years. These large 16 x 22" pieces of art painted on archival paper are sure to find a home on your walls! Young students use professional tools and professional non-toxic acrylic paints. Students gain an appreciation for different artists while learning various techniques through step by step visual demonstrations. The sunny art studio at the Recreation Center provides a perfect creative oasis. All supplies included.

Mother & Daughter Collage Color Theory Workshop[®]

221423

(Ages 12 - 18)

Instructor: Kevin Lawlor

Color is around us everywhere. We know what colors we like. Do we know how colors attract our eye and why? We will create collages with colors cut out of your fashion, fitness and fun magazines to help us explore how color is used to attract our eye to a product. Doing several easy color contrast exercises we will begin to understand how color influences us. Please bring at least two magazines each to class. More if you have them and two pairs of scissors.

Cooking Great on a Family Budget

223721

(Ages 8+)

Instructor: Mark Frank

Is managing a hungry household around everyone's busy schedule a challenge? Join Chef Mark and take a look at four quick and painless recipes that fit into the budget of a family on the move! Your family will beg for these simple go-to recipes that are easy on time and easy on your wallet. All of these meals require no more than 25 minutes to prep, and cost less than \$40 to feed a family of four. They are easy enough that the kids can make them too, so bring your little chef, and let them take the cooking responsibilities for a few nights. Class is designed for a parent and child, the class will run about two hours, and we will stick around to enjoy the fruits of our labor. There is an additional \$15/person that can be paid to the instructor at the first class.

Tonight's Menu:

- Panko Crumbed three Cheese Chicken with Broccoli Macaroni & Cheese
- Sweet and Savory Chicken Thighs with Potato Scallion Bake
- Chopped Salmon Burgers with cane sugar-roasted sweet potatoes

Stories and Recipes for Hungry Minds

223725

(Ages 6 - 9)

Instructor: Theresa Luu

This teaching series is inspired by Mother and Son Kitchen Book Club: Stories and Recipes for Hungry Minds by Theresa Luu, a former elementary school teacher/school administrator and mother of two, and Mirela Marku, an engineer and mother of four. Its three main goals are: to teach kids about nutrition so that they can make healthy food choices; to show kids basic cooking skills so that they can take an active role in family meal preparations and to systematically integrate reading, writing, and science into the cooking process to help kids succeed in school. Kitchen safety is explicitly taught. Additionally, Le Cordon Bleu chefs will share their favorite roasted vegetables and quinoa recipes.

In the first series, Roasted Vegetables, kids will learn: 1) why it's important to eat vegetables 2) how to prepare a variety of vegetables for cooking 3) the science behind roasting vegetables that retain their flavors and 4) how to describe the vegetable experiment and explain which of the three tests resulted in the best tasting vegetables.

In the second series, Quinoa, kids will learn: 1) why quinoa is nutritious 2) how to cook quinoa 3) the science behind soft, fluffy quinoa; and 4) how to explain why their thinking about grains and seeds has changed.

America's Champs Basketball League

221201

(Ages 5 - 10)

Instructor: America's Champs Staff

America's Champs basketball leagues give boys and girls the opportunity to play actual basketball games in an instructional setting.

The 5-7 year old league play at 9-foot baskets while the 8-10 year olds play at 10-foot baskets. On the first day, April 20, America's Champs will evaluate players so that proper teams can be made to begin the season. The 5 - 7 yr olds will be evaluated from 10:15 - 11:30am, the 8- 10 yr olds will be from 11:45 - 1:00pm. Schedules will be distributed after the 1st class. Each team will play one game on Saturdays. (8 - 10 year old games will be at 11 am or 12:15 pm) Players receive an America's Champs uniform. Coaches will provide players with a ten minute warm up before each game begins.

Horse Power

232202

(Ages 6 - 12)

Instructor: Century Mills Stable Staff

Have a horse crazy child between the ages of 6 and 12? Horse Power is designed to give both children and their parents a broad-based introduction to horses in a fun, interactive class. Start each session by learning to handle, groom and tack up a horse. End each class with a group riding lesson where kids get to learn the basics in the saddle and parents can learn how to safely help them. Our licensed, upbeat instructors and happy, well-trained horses will make sure you and your child have a positive first horse experience. Century Mill Stables is conveniently located just 3 minutes from 495 and has an indoor ring for classes to run in all weather.

Directions to Century Mills Stable 185 Century Mill Road, Bolton, MA

Route 495 from Wellesley via Route 9 or via Route 128 to the Mass Pike West. North on Route 495. Take exit 27 (Bolton/Stow exit) and at the end of the ramp take a left onto Route 117 toward Stow and then an IMMEDIATE right onto Route 85. Go one mile on Route 85 and take a right onto Century Mill Road. Century Mill Stables (#185) is one mile down on the right. Please call (978-779-2934) if you have trouble finding the stable.

Sweet Meadow Saddle Club

232206

(Ages 5 - 10)

Instructor: Sweet Meadow Staff

This is a program for beginner horseback riders only. Each week students kick off the class with an educational horse activity. Next they will get hands on experience with our wide variety of animals, learning proper handling diet and care for guinea pigs, bunnies, ferrets, miniature horses, mini cows, alpaca, emu, wallaby, goats, chickens and kittens. After the one-on-one riding lesson, students walk their horses back to the stable along with their instructor, to untack the horse and put them into their stall. Then the group feeds all the animals and learns regiments and proper medicinal care. The program is designed to accommodate all school dismissal times, so drop off is from 3-3:30.

Location: Sweet Meadow Farm Min: 1/Max: 3

Advance Barn Club

232208

(Ages 10 - 15)

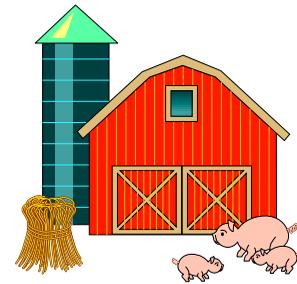

Instructor: Sweet Meadow Staff

Advanced Barn Club is for students who are able to walk, trot and canter on a horse. It focuses on the more technical aspects of riding, learning how to set up a jump course and fine tuning riding skills. Each student receives an hour long riding lesson with a licensed instructor. After riding students help feed the horses their dinner and close up the barn for the night, allowing them to see the work that goes into owning and caring for a horse. Students participate in hands on learning with all of our well trained farm and exotic animals such as a kangaroo, miniature cows, hedgehog, miniature horses, goats, deer, emu, and all sorts of other small animals like baby bunnies and guinea pigs. The program is designed to accommodate all school dismissal times, so drop off starts at 3:30.

Puddlestompers April Vacation

215701

(Ages 3 - 6)

Instructor: Puddlestompers Staff

Let us lead your children in discovering the beauty and wonder of new life in the spring during PUDDLESTOMPERS April vacation week drop-off program! Learn how plants grow and look for rainbows after April showers. Search for signs of animals and their food sources. Investigate birds building their new nests. Discover worms and other exciting life in the soil. We'll explore a different topic each day through hands-on exploration, active movement and play, crafts, stories, and songs. Activity will be based at the Warren Recreation Center, with outdoor exploration along the adjacent nature trail. A snack will be provided each day, as well as a take-home craft and handout with additional activities and information to extend learning and nature discovery into your home. New! Extended time, stay for lunch! (Please send your child with a nut-free bagged lunch and beverage.)

TERRIERS

The Terriers "Experience" - How and Why We Are Different

We are a Sports Based Youth Development organization building life and leadership skills in safe, fun and supportive environments. We create unique and rewarding athletic and social experiences for children by providing fun and enjoyable environments for kids to relax, enjoy unstructured play and participate in team sports. We eliminate the pressure and scrutiny kids are often subjected to in many of today's youth sports programs. While all of our programs offer organized activities and skill development, we also value equally the benefits of free play. The American Academy of Pediatrics (AAP) recognizes free and unstructured play essential for helping children reach

important social, emotional and cognitive developmental milestones as well as helping them manage stress and become resilient. Many years of sincere "thanks" from our parents and participants tell us that we do this well and we look forward to another great year at Terriers!

April Vacation Baseball & Dodgeball

220601

Tuesday, April 16 - Friday, April 19 @ The Bates School

Grades 2-6: 9:00 AM to 12:00 PM

Min: 15/Max: 40

Develop baseball skills and get ready for the spring season. Instruction and games each day focus on baseball fundamentals; hitting, fielding, throwing, pitching and base running. Our games are fast paced, with lots of hits, base-running and fielding action. Instead of walks, strikeouts and inactivity found in many traditional youth baseball games, our teen CIT pitchers throw great pitches for plenty of hits and action. Awards are presented daily for Effort, Improvement and Sportsmanship and teams enjoy competing for the Terriers Bucket. New this year is the addition of a daily morning Dodgeball game for a fun warm up and workout before baseball! Participants receive team shirts and hats. \$125

June & July Sports Camps

320600

Monday - Friday, 9:30 AM to 3:00 PM @ The Bates School

Dates:

Sec 01: June 26-28 (\$185)

Sec 02: July 8 (\$325)

Sec 03: July 22 (\$325)

Sec 04: July 29 (\$325)

Grades 2-6 (Grade as of January 2013) Min: 20/Max: 40

A Wellesley Summertime favorite since 1991. Kids enjoy a daily mix of baseball, basketball, dodgeball, soccer and flag football games. Playground, and open gym periods are also offered in the morning, after lunch, and at the end of the day to let the kids relax and enjoy summer. Awards are presented daily for Effort, Improvement and Sportsmanship and teams enjoy competing for Terriers Championship Buckets. Participants receive team shirts and hats.

Price: \$310

Registration Deadline:

July 5, 2013. There is a \$50 cancelation fee before July 5. After July 5 there is NO refund.

What to bring: Please pack a bagged lunch. Also send your child in comfortable clothing that can get dirty.

Health Form: Due July 5
Will be sent to you from Club Invention.

Children will participate in all modules during each day, and all curricula aligns with national and state education standards!

Included in this year's DISCOVER curricula are:

Amazing Atlas Games

Expedition teams travel the globe to investigate five extremes of the natural world: heat, height, crystals, water, and cold. Each day, teams interpret latitude and longitude on a world map to determine their adventure's location.

Ecoverse

Expedition teams embark on a quest to explore the Earth in the sky, underwater, on land, and underground. Throughout the journey, teams design and invent tools to reveal and retrieve the Earth's hidden messages; deciphering nature's patterns. As children master the elements, they earn glyphs and create an illustrated narrative for a petrosphere journal, their own ancient symbol of power and knowledge!

I Can Invent: Launchitude

Expedition teams are challenged to launch international rubber ducks to their country origin and race to destroy competitor duck territory! Teams put physics (trajectory and velocity) into practical use as they take apart broken appliances and re-engineer the gears and gadgets, along with upcycled objects, to invent the ultimate Duck Chucking Device. Throughout the week, children will explore physics, entrepreneurship and invention through practical hands-on challenges.

Cache Dash

In the Cache Dash module, children are recruited to become global expedition team members. As part of their weeklong training, they must work in teams to navigate their way to treasure-filled caches. The caches contain virtual missions from youth around the globe challenging the trainees to invent solutions to real-world problems in France, Singapore, Honduras, Hawaii, Cuba and Sudan.

Questions? Call 781-235-2370

Geo-Games Module

The Geo-Games module combines physical activity and creativity. Children practice teamwork, cooperation, coordination and creative problem solving processes during fun, energetic games. Geo-Games activities embody the fact that all games can be modified with nontraditional approaches and made more exciting. Children create game pieces and sporting equipment from everyday items, employing the concept of upcycling. Together, they will fuse global games and classic high-energy activities. Like all Camp Invention modules, winning and losing isn't important. Instead, this module stresses creative problem solving and encourages active physical participation that boosts self-confidence.

Puddlestompers Week: Summer Nature Exploration

315702

(Ages 3 - 6)

Instructor: Puddlestomper's Staff

Let us take your children out to discover the vibrant colors and activity of summer with PUDDLESTOMPERS Summer Vacation Program! Chirp with birds, gallop with animals and squirm with worms! Investigate the colorful show of wildflowers. Roll over logs and run through the grass. Each week will explore a different natural theme through hands-on investigation, active movement and play, crafts, stories, and songs. A snack will be provided each day, as well as a take-home craft and handout with additional activities and information to extend learning and exploration into your home.

Bugs, Bugs, Bugs (June 24 - 28)

It's a bug jamboree! Hop with grasshoppers, build spider webs, and dig up roly polies!

Slimy, Wiggly, Silly Nature (August 19 - 23)

Let daddy longlegs tickle your hand, catch frogs at the pond and touch a slimy slug!

Animals on the Move (August 26 - 30)

Go on a nature vacation! Migrate through the forest, fly like a dragonfly and follow animal tracks!

Location: Warren Building Min: 4/Max: 15

Puddlestompers: Nature Exploration

315703

(Ages 2 - 5)

Instructor: Puddlestomper's Staff

Come explore the wonders of Mother Nature this summer with your young naturalist! Collect wildflowers and specimens. Roll over logs and dig in the soil. Run through meadows to search for bugs, and dance with butterflies. Discover the various amazing open spaces Wellesley has to offer. Weekly classes include hands-on nature exploration activities, active movement and play, snack and a story. Each class follows a specific theme. Younger siblings, up to age 10 months and in a backpack, are welcome.

Mini Musical Theater

322303

(Ages 4 - 9)

Instructor: Cindy Wright

An introduction to the wonderful world of musical theater! Children will sing, dance and act to bring a familiar story to life--each week will feature a different story. Time at each class will be spent learning songs, dances and dialogue, working toward an informal performance at the end of the last class (12:30 pm on Friday). The children will be assigned appropriate roles to play based on their age (4 - 9 years old). The children will also help to gather and / or make simple costumes and props for the performance. Family and friends are invited to this performance! Please have your child dress comfortably each day, with lightweight shoes, and bring a light lunch and water bottle to each class.

Sciensational Vacation

324916

(Ages 6 - 11)

Instructor: Sciensational Staff

Build your own futuristic Maglev car to race and take home. In 1999 a Japanese five-car maglev train set a record of 345 miles/hour. Yours won't go that fast, but we will have fun building it and learning how it operates. Learn about the relationship between magnetism and electricity. You will also get to build a simple maglev track as well as a cool electromagnet. Learn how motors work, as well as generators. Build and take home the world's simplest motor. Make your own compass and take part in many other magnificent magnetic activities! Yes, Sciensational Workshops again starts with the Maglev car (magnetism - electricity - levitation) and goes in all directions to have fun and learn while doing hands-on activities.

Wicked Cool: LEGO Engineering

324909

(Ages 7 - 12)

Instructor: Wicked Cool Staff

In this program kids learn some basic engineering principles that will make their own inventions at home more fun and complex. This full-contact hands-on program teaches basic engineering concepts, problem solving, & teamwork - all by playing and building with Legos. We look at gears, levers, pulleys, and wheels & axles, which are the mechanisms that underpin all the mechanical equipment in our lives. Each day has three different lego projects and one related educational non-lego project.

Mad Science Summer Fun

324901

(Ages 8 - 12)

Instructor: Mad Science Staff

Join the Mad Science® hands-on science fun. We're crazy about science and hope you are too! We'll have a blast exploring science and how it affects the world around us. Become an honorary Mad Science assistant and learn about some of the awesome stuff from the Mad Science laboratory. The children will get a chance to play with our "cool" equipment and participate in some "hot" demonstrations. Each day we'll have a different science theme with exciting activities, experiments and related games. We'll learn how science helps us protect our planet, and we'll explore the animal kingdom, life cycles and habitats. We'll discover how to send secret messages and how to talk with numbers. Young astronauts will explore the mysteries of space, and junior engineers will check out shapes, investigate arches and learn about structures. And the science doesn't stop when the Mad Scientist goes back to the laboratory, we'll have take-home creations so the fun and learning can continue!

LEGO Playland

(Ages 5 - 10)

Instructor: Diane Benson & Beth Meditz

Calling ALL LEGO fanatics!!! Join Beth and Diane for one, two or all four days! Each day is a different theme (see below). The LEGOs stay with us, but the memory lasts a lifetime. Each day every child will go home with a framed picture of themselves with their LEGO creation. Please pack a nut-free snack and drink. Program is limited to 20 participants a day.

Location: Warren Building Min: 10/Max: 20

Time: 9 am - 12 pm

Price: \$50

Sec A: Ninjago - Monday, August 19th (#321407-01)

Explore the world of Ninjago! Create a LEGO world of defending the good! Create your own Ninjago story and battle the toughest LEGO warriors to help make the world a better place.

Sec B: Star Wars - Tuesday, August 21st (#321407-02)

Build a Star Wars Space Craft, a Droid Factory, a Jedi Training Arena, etc. The possibilities are endless! May the force be with you...

Sec C: The Avengers - WEdnesday, August 21st (#321407-03)

The LEGO Avengers are coming to Wellesley! Join in on the fun and check out the new cool Super Hero Minifigures. Iron Man, The Hulk, Thor, and Captain America, combined with your imagination will set the stage for an action-packed super hero adventure!!

Sec. D: LEGO Playland City - Thursday, August 22nd (#321407-04)

Build a house, boat, store, fire station, police station...the possibilities are endless. No theme today...what you build is developed within your own mind and created by your own hands!

Sec. E: Harry Potter - Friday, August 23rd (#321407-05)

Calling all Muggles, Wizards and Witches....spend the morning creating your own magical world of Harry Potter.

Fit for Fun

320202

(Ages 7 - 12)

Instructor: Carol Jackson

Fit for Fun combines fun with games and physical activities with lessons on healthy eating. At the start of each class, each participant will learn how to make quick-and-easy, healthy (yet yummy) snacks in a creative, collaborative setting. Activities and games will include--but not be limited to-- kickball, dodgeball, tagball, whiffleball, obstacle courses, bike rallies, ultimate Frisbee, Frisbee baseball, Hot box and Goaltimate as well as other fun activities that combine fitness and education. The class will conclude with 15 minutes of yoga and motivational and inspirational mediation, which will end the class on a happy and healthy note. Be active, be healthy; be fit for fun!

Sea Kayak & Stand Up Paddleboards

322802

(Ages 12 - 15)

Instructor: Charles River Canoe & Kayak Staff

Massachusetts has some of the most exciting paddling on the East Coast, and your child can explore it with Charles River Canoe & Kayak! The Sea

Kayak and SUP Program is designed for kids who are looking for excitement and adventure on the water. We'll spend the first day in kayaks, learning the basics in a protected harbor, then venture out into an even more exciting locale the second day. On the third day, we will switch to stand-up paddleboards for some touring and hopefully some surfing! While the focus of each day is on exploration and adventure, there will be plenty of time for swimming, playing games, and (of course) building friendships. After this adventure, you may have a hard time getting your child to give up a life at sea! The program meets at the Newton Boathouse, but then travels each day to a specific location (Boston's North Shore, with possible destinations such as Gloucester, Rockport, Thacher Island, and Manchester-by-the-Sea). The program is for kids entering 6th, 7th, and 8th grades and requires no previous paddling experience.

Location: Newton Boathouse on Comm. Ave

Speed & Endurance

320201

(Ages 6 - 12)

Instructor: Kathy Fleming

Your child will build a great foundation over the summer that will increase his/her speed and endurance through a system of dynamic running. This class like the spring class, focuses on drills, speed running and speed endurance running while in a controlled track environment. Whatever your favorite sport is running faster and having more endurance is extremely important to improving in sports. This fun class will enable your child to get to a greater fitness level and have fun while doing it. With nine years of NCAA Division I coaching experience Kathy Fleming can help empower your child through the sport of track running. This fun class caters to all levels of running ability. Educating on proper warm ups, hydration and nutrition and injury prevention are also included weekly.

Location: Warren Building Min: 4/Max: 9

Canoe, Kayak & Stand Up Paddleboards

322801

(Ages 10 - 13)

Instructor: Charles River Canoe & Kayak Staff

If you are looking for a program full of fun on (and in) the water, look no further than our Kids' Canoe, Kayak & SUP Program. Each day we will spend time exploring, building skills, and having fun on one of three types of paddle-craft: canoes, kayaks and stand-up paddleboards (the newest adventure on the water). There will also be time each day for swimming and off-the-water activities and games. The Canoe, Kayak & SUP Program is for kids entering 4th, 5th, and 6th grades and requires no previous paddling experience. The program is based at our boathouse in Lake Cochituate State Park in Natick.

Mini Riders

332214

(Ages 1 - 4)

Instructor: Sweet Meadow Farm

Our patient, well-trained and gentle miniature horses are ready to introduce your child to a lifelong love. He/she will learn how to handle, and groom and tack up the miniature horse. They will then spend time in the saddle riding the hand-led pony. Parents are welcome and encouraged to participate in their child's one-on-one learning experience. Our focus is teaching how to work safely around the animals, while having a fun positive experience with the pony. After feeding and putting the ponies away, your child will have a chance to come into our brand new insulated and heated barn and play with our trained and friendly small animals (rabbits, guinea pigs, gerbils, chinchilla, birds and ferrets) for an all-around wonderful experience.

Sweet Meadow Animal

332209

(Ages 4 - 10)

Instructor: Sweet Meadow Farm

A great hands on animal science experience for children who love animals! Children's will start their day feeding our friendly barnyard animals breakfast. Then will groom and learn how to walk miniature horses on a lead line, feed the baby kangaroo her bottle, and play with the baby miniature cows. Head over to the small animal room to learn to hold, feed, and care for a variety of small animals (drop off program).
