

Bates Spring 2023 After School Enrichment

Activity #222502

Drama Club

Instructor: Molly Cote

Laughing No Laughing, Slow Motion Emotion, Bus Stop, One Word Story, Birthday Party, Look and Scream, Intro and Applause...these are just some of the fun and active drama games that your performers will play to get warmed up and learning all they need to know for a good base in all things theatre. From the creative kid who loves to be center stage to the quieter child with a super imagination - there is room for everyone in Drama Club! Showcase of scenes for friends and family will be videoed and sent to families.

6 weeks

Min: 6 /Max: 12

S#	Grade	Day	Time	Date	Price
02	2-5	Tues	3:10-4:10pm	4/4-5/16 (No 4/18)	\$215.00

Game Show

Instructor: CinemaKidz

Come-on downwwwn to the CinemaKidz Game Show – an exciting, interactive class, where kids learn to produce and star in their very own game show. This class is inspired by some of TV's most classic shows, from trivia to physical challenges and obstacle courses. Participants will plan their show, build various obstacles and puzzles, make team shirts, and compete in different challenges each class. Challenges will take place outdoors as well as in the classroom. We focus on teambuilding, creativity, and FUN! Kids will learn first hand all about producing a live, action-packed show, then work to edit and complete several episodes!

8 weeks

Min: 6 /Max: 10

S#	Grade		Day	Time	Date	Price
08	1-4		Tues	3:10-4:10pm	4/4-5/30 (No 4/18)	\$240.00

Chess

Instructor: Future Masters Chess Academy

This class is taught by our expert and master coaches. Our program is designed for children of all levels. Our focus is to use the royal game of Chess to improve every child's cognitive development which includes decision making, creative thinking and critical thinking skills. We are producing future masters and leaders.

8 weeks

Min: 8 /Max: 10

S#	Grade	Day	Time	Date	Price
01	1-5	Fri	3:10-4:10pm	3/31-6/2 (No 4/7 & 4/21)	\$288.00

Digital Artwork

Instructor: iCode

Art meets technology in this new class from iCode. Using a combination of 2-D and 3-D tools, you'll sketch and draw models and animations, and apply your own touches to stylize photos. You'll design 3-D models both in a tablet and by using 3-D tools that allow unlimited creative possibilities, and you'll learn to use code to make interactive art. Join us to see how digital technology can enhance your artwork, or if you're not by nature artistic, learn how technology can make you appear to be. By the end of the class you'll have the skills you need to present your creations to family and friends.

8 Weeks

Min: 8 /Max: 10

S#	Grade	Day	Time	Date	Price
07	1-5	Fri	3:10-4:10pm	3/31-6/2 (No 4/7 & 4/21)	\$282.00

Capture the Fun with Photography

Instructor: Lisa Neighbors

Come capture the fun with Lisa of Lisa Neighbors Photographs. Learn how to take better photos while in a fun, outdoor setting! We give personalized attention to kids of all levels, and each week create exciting projects to help kids notice and capture their surroundings in new ways. We take a hands-on approach and expose kids to key photography techniques, including lighting, composition and perspective. Bring your smartphone or DSLR camera. We will have extra cameras on hand if you need one.

5 weeks

Min: 6 /Max: 10

S#	Grade	Day	Time	Date	Price
03	3-5	Mon	3:10-4:10pm	3/27-5/1 ((No 4/20)	\$210.00

Kickstart STEM

Instructor: WHS Students

This course is designed to not only build STEM knowledge and critical thinking skills in your child, but also foster a lifelong curiosity for a wide variety of STEM topics. Each week, students participate in a different hands-on activity, carefully crafted to be engaging, informational, and inspirational. These lessons cover subjects ranging from aeronautics, to cellular biology, to the physics behind extreme weather.
