General Field Use Rules

Hours of Operation:

Fields may be used until dusk with the exception of the lighted Multi-Purpose Field (at Hunnewell). Lights may remain on until 9:30 pm, except for Reidy Field, where lights may remain on until 9:45 pm. No play before 8:00 am on Sunday at any field that abuts homeowners.

Prohibited Activities:

Any prohibited activities posted on signage at the High School track or any fields, consumption/possession of drugs or alcoholic beverages; use of fields beyond permitted dates or times; use of grass fields during wet field conditions or before they are declared available for use; and any activity that may cause field damage. Users must show good judgment when using fields and must stop play if the field shows damage during activity. Any group who causes damage to any field will be responsible for repair costs.

Field Closures:

<http://www.wellesleyma.gov/1049/Playing-Fields-OpenClosed-Status> or call (781) 235-2370 for the latest field closures. If a field is closed, no use is permitted at all. The field status webpage and the hotline are for informational purposes only; field signage and/or direct communication from the Wellesley DPW Park and Tree Division (DPW) take precedence. Whenever possible, DPW will email user groups and post signs when fields are closed.

Please note that grass fields can be closed even when the weather appears good at the time because of standing water, previous damage or other field condition issues. The DPW, in consultation with the PFTF, will recommend when fields should be closed in order to rest them to prevent significant damage from overuse or for maintenance reasons.

Weather:

Since lightning can strike up to 10 miles from a storm, users should seek safe shelter as soon as they hear thunder or see lightning. They should wait for 30 minutes without hearing thunder or seeing lightning before returning to the field.

Maintenance of Baseball/Softball Infields:

Baseball/softball players and coaches are expected to groom the infields after each game and practice. Equipment for grooming is supplied and coaches are responsible for knowing the storage box combinations.

Litter, Trash and Recycling:

All users are responsible for picking up any trash or litter on the field at the completion of their practice or game session regardless of whether this trash was there when they first got on the field or not. Pick up trash when you leave the field, even if it is not yours. Consider naming team captains at each practice or game to oversee litter collection and recycling.

Users are expected to use trash and recycling receptacles located on or near the fields or to take their waste home for disposal. If the group expects to generate excess trash, they must provide a means for removing trash themselves. Bring a trash bag with you to games and practices. Please pick up and recycle all plastic bottles. Inform coaches, players, players' families, and attendees at games and practices that there are water fountains at the majority of the active playing fields and that participants are strongly encouraged to utilize reusable and refillable water bottles for all practices and games.

The last group to use a field for the day is responsible for leaving a clean, litter free field. If you consistently find trash when you arrive at the field please contact the Recreation Director at (781) 235-2370, who will attempt to identify the users who might be leaving the field in such condition.

Users are urged to support the preservation and sustainability of Wellesley's playing fields through responsible use of the fields and respect for those who neighbor the fields. It is the responsibility of all coaches, managers, referees and parents to lead by example by educating our children on the proper use of field space and emphasizing the importance of caring for our community assets and maintaining a clean environment.

Concerns related to the maintenance/condition of the High School track or any field should be addressed to the Assistant Superintendent/Deputy Tree Warden of the Park Division at dpw@wellesleyma.gov.

 - a. Spring User Group Applications
 - i. The Spring User Group applications were presented, and all participants agreed that conflicts based in the requested permits have been resolved.
 - ii. Laurance Stuntz and Bea Bezmalinovic initiated a discussion about the importance of having good data about actual usage of field space. After discussion, the group concluded that it would make sense to provide actual usage, including number of participants in time slots on particular fields. The group agreed to make providing the data a condition of the permits issued for spring usage.

Motion: By Bea Bezmalinovic: To approve the spring user group permits, as amended by the user groups' resolution of their conflicts, and contingent on providing actual usage data to Matt for recording in RecTrac.

Seconded: by Jerry Nigro

Voted in Favor: Beth Sullivan Woods – Selectboard (SEL), Bea Bezmalinovic – Natural Resources Commission (NRC); Laurance Stuntz – Recreation Commission (RC) (Chair), Jeff Weschler – Board of Public Works (BPW), Linda Chow – School Committee (SC), Jerry Nigro – Boys Lacrosse (BL), Kelly Uller – Girls Lacrosse (GL); Michael Bessette –

b. Spring Clinic Application

- i. Terriers plans to hold a clinic during April school vacation at the Kelly Fields. If Terriers would like to use amplified sound, they need to seek a permit for that from the NRC.

Motion: By Kelly Uller: To approve the Terriers permit with the reminder that the permit does not allow amplified sound.

Seconded: by Ansley Martin

Voted in Favor: Beth Sullivan Woods – Selectboard (SEL), Bea Bezmalinovic – Natural Resources Commission (NRC); Laurance Stuntz – Recreation Commission (RC) (Chair), Jeff Weschler – Board of Public Works (BPW), Linda Chow – School Committee (SC), Jerry Nigro – Boys Lacrosse (BL), Kelly Uller – Girls Lacrosse (GL); Michael Bessette – Field Hockey (FH); Ansley Martin – Wellesley United Soccer (S); Ann Williams – Wellesley Youth Baseball and Softball

- ii. Beth Sullivan Woods reported that the Wellesley Celebrations weekend is planned for May 20th and 21st this year. Most of Hunnewell Fields complex is closed to games on Saturday and Sunday. The one exception is Reidy Field which should be available on Saturday.
- iii. Prime Time Lacrosse has not presented an application for field use in Wellesley for the Father's Day Tournament. Laurance Stuntz reminded the audience that we need to have applications for major events at least three months before the event to be able to fully vet and approve any event.

5. Weston & Sampson Field Utilization Study Project update:

- W&S has additional data, but is not yet ready to present the updated field utilization study

6. Project updates

- Sprague Bathrooms:
 - Linda Chow reported that she held a neighborhood forum to discuss the plans. Main questions were related to the location of the building and whether there would be lighting around the bathrooms at night. The lights would be on a timer so that they are not on all night.
 - Next step is for Advisory to make a recommendation related to the bathrooms.
- Lacrosse wall:
 - Wall is installed and almost done
- WHS Track & Field:
 - Linda Chow reported that:
 - The project team is talking about dividing the project into phase 2A and 2B. 2A is for Bathroom/Concession Stand and Lighting with 2B targeted for the Team Rooms. Phasing is designed to limit the disturbance to the land.
 - There was lots of discussion about lights at the Design Review Board. Ultimately, the Design Review Board elected not to make a recommendation related to the design.

- The School Committee has accepted funds to continue forward with the approval process on the lights and sound
- The School Committee is working with the football community and the Board of Health to ensure that the Concession Stand will meet the Board of Health's requirements and the needs of the Gridiron Club who primarily use the Concessions space.

7. General Fields discussion

- Bea Bezmalinovic informed the Playing Fields Task Force that Town user group coordinators should expect to receive updated data from Weston & Sampson. Please review when forwarded. Additionally, Bea informed the group present that there is a citizen group bringing an article to Town meeting asking for a moratorium on light installations in Town and a study to be done on the effects of outdoor field lights.

General Field Use Rules

Hours of Operation:

Fields may be used until dusk with the exception of the lighted Multi-Purpose Field (at Hunnewell). Lights may remain on until 9:30 pm, except for Reidy Field, where lights may remain on until 9:45 pm. No play before 8:00 am on Sunday at any field that abuts homeowners.

Prohibited Activities:

Any prohibited activities posted on signage at the High School track or any fields, consumption/possession of drugs or alcoholic beverages; use of fields beyond permitted dates or times; use of grass fields during wet field conditions or before they are declared available for use; and any activity that may cause field damage. Users must show good judgment when using fields and must stop play if the field shows damage during activity. Any group who causes damage to any field will be responsible for repair costs.

Field Closures:

<http://www.wellesleyma.gov/1049/Playing-Fields-OpenClosed-Status> or call (781) 235-2370 for the latest field closures. If a field is closed, no use is permitted at all. The field status webpage and the hotline are for informational purposes only; field signage and/or direct communication from the Wellesley DPW Park and Tree Division (DPW) take precedence. Whenever possible, DPW will email user groups and post signs when fields are closed.

Please note that grass fields can be closed even when the weather appears good at the time because of standing water, previous damage or other field condition issues. The DPW, in consultation with the PFTF, will recommend when fields should be closed in order to rest them to prevent significant damage from overuse or for maintenance reasons.

Weather:

Since lightning can strike up to 10 miles from a storm, users should seek safe shelter as soon as they hear thunder or see lightning. They should wait for 30 minutes without hearing thunder or seeing lightning before returning to the field.

Maintenance of Baseball/Softball Infields:

Baseball/softball players and coaches are expected to groom the infields after each game and practice. Equipment for grooming is supplied and coaches are responsible for knowing the storage box combinations.

Litter, Trash and Recycling:

All users are responsible for picking up any trash or litter on the field at the completion of their practice or game session regardless of whether this trash was there when they first got on the field or not. Pick up trash when you leave the field, even if it is not yours. Consider naming team captains at each practice or game to oversee litter collection and recycling.

Users are expected to use trash and recycling receptacles located on or near the fields or to take their waste home for disposal. If the group expects to generate excess trash, they must provide a means for removing trash themselves. Bring a trash bag with you to games and practices. Please pick up and recycle all plastic bottles. Inform coaches, players, players' families, and attendees at games and practices that there are water fountains at the majority of the active playing fields and that participants are strongly encouraged to utilize reusable and refillable water bottles for all practices and games.

The last group to use a field for the day is responsible for leaving a clean, litter free field. If you consistently find trash when you arrive at the field please contact the Recreation Director at (781) 235-2370, who will attempt to identify the users who might be leaving the field in such condition.

Users are urged to support the preservation and sustainability of Wellesley's playing fields through responsible use of the fields and respect for those who neighbor the fields. It is the responsibility of all coaches, managers, referees and parents to lead by example by educating our children on the proper use of field space and emphasizing the importance of caring for our community assets and maintaining a clean environment.

Concerns related to the maintenance/condition of the High School track or any field should be addressed to the Assistant Superintendent/Deputy Tree Warden of the Park Division at dpw@wellesleyma.gov.
