**NYPA CREDIT - CONTINUED**

Beginning with Fiscal Year 2010 ("FY10") the NYPA credit will be fixed at a rate of \$0.00386/per kWh. The NYPA credit is based on FY10 projected power costs using the following formula:

$$NC = (A - B)/C$$

Where:

- NC = The annual NYPA Hydropower Credit factor per kWh.
- A = The projected FY10 cost of NYPA Hydropower; including demand and energy charges, transmission charges, administrative, other service charges and any applicable adjustments.
- B = The projected FY10 replacement power costs that would have been incurred by the WMLP including transmission, capacity, energy and administrative expenses.
- C = The WMLP's projected residential kWh sales for FY10.

**EARLY PAYMENT DISCOUNT**

A discount of five percent (5.0%) will be limited to the current energy charge only up to 1,000 kWh per month if full payment, including any prior balance, is received by the WMLP within fifteen (15) days after the date of the bill.

**LATE PAYMENT CHARGE**

A late payment charge of 1.5% per month, or any portion thereof, shall be added to the bill payable to the WMLP when all or any part of any prior bill remains unpaid for more than thirty (30) days after the date of the bill. The charge will be computed starting on the thirty-first (31st) calendar day after the date of said bill.

**BILLING PERIOD**

The WMLP will read meters and render bills on a monthly basis. Reasonable efforts will be made to schedule monthly usage periods that fall within a range between 28 and 32 days.

**BILLING KWH**

The Billing kWh shall be the metered kWh of energy consumption during the Billing Period.

**ESTIMATED BILLS**

When an actual meter reading cannot be obtained during the normal meter reading schedule for the Billing Period, an estimated bill will be rendered based on historical usage as estimated by the WMLP.

**VACATION BILLING**

Any customer whose premises are to be closed for an extended time, but where service is still desired by the customer, may so notify the WMLP in writing. If arrangements satisfactory to the Director or designee of the Municipal Light Plant are made, only minimum bills will be rendered during the period when the premises are unoccupied. When the premises are again occupied, the customer will be billed for the energy used during the period when the premises were unoccupied. In the event the customer requests service be disconnected during the period when the premises are unoccupied, the minimum charge for the unoccupied period will be zero but a re-connection charge of \$45.00 will be rendered at the time the customer requests the WMLP to reconnect service.

**TERM OF CONTRACT**

Service under this rate schedule is subject to termination at any time upon the WMLP's receipt of written or verbal notice from the customer, and is subject to the provisions of the WMLP's Rules and Regulations.

**DELINQUENT ACCOUNTS**

The WMLP reserves the right to discontinue service after due notice, and to remove its property from the premises of any customer who fails to comply with applicable payment requirements in accordance with terms and conditions established by the Massachusetts Department of Public Utilities. Before any service so disconnected shall be reconnected, the customer shall make arrangements satisfactory to the Director or designee of the Municipal Light Plant for payment of any such past due accounts and accrued Late Payment Charges and a re-connection charge. If re-connection is made between 7:00 AM and 3:00 PM Monday through Friday, excluding holidays, the re-connection charge will be \$45.00. If reconnection is made at any other time, the re-connection charge will be \$100.00.

**INTERRUPTION OF SERVICE**

The Wellesley Municipal Light Plant shall not be responsible for any failure to supply electric service hereunder, nor for interruption of service, reversal or abnormal voltage of supply if such failure, interruption, reversal or abnormal voltage is without willful default or gross negligence on the part of the WMLP.

Whenever the integrity of the WMLP system or the supply of electricity is threatened by conditions on the WMLP system or the systems with which the WMLP is directly or indirectly interconnected, or whenever it is necessary or desirable to aid in the restoration of service, the WMLP may, in its sole judgment, curtail or interrupt electric service or reduce voltage to some or all of its customers and such curtailment, interruption or voltage reduction shall not constitute willful default.
