

**WELLESLEY MUNICIPAL LIGHT PLANT**

**ELECTRIC RATE SCHEDULE**

**PURCHASED POWER ADJUSTMENT**

**Rate Schedule PPA-1**

**MA DPU #23-8**

**APPLICABILITY**

The Purchased Power Adjustment charge is calculated pursuant to this rate schedule and is applicable to all kilowatt-hours (“kWh”) delivered by the Wellesley Municipal Light Plant (“WMLP”) other than kWh’s supplied for Street Lighting, Distribution Wheeling and Partial Requirements services.

**MONTHLY RATE**

The WMLP Purchased Power Adjustment charge will decrease from \$.05405/per kWh to \$0.00752/per kWh effective with the January 1, 2023 cycle billing. The actual decrease will depend on each customer’s actual monthly kWh usage.

The Purchased Power Adjustment charge is calculated based on the following additional power supply costs:

- 1) Capacity: ISO-New England’s Forward Capacity Market (“FCM”) policy used to calculate monthly and annual capacity charge; and
- 2) Transmission and Ancillary: increases resulting from policies and procedures adopted by ISO-New England.

**EFFECTIVE TERM**

The WMLP will monitor power supply costs and ensure the Purchased Power Adjustment charge in PPA-1, MA DPU#23-10 will result in rate schedules for all classifications of customers that are in full compliance with Massachusetts General Law Chapter 164, Section 58, Price for Gas and Electricity Regulated.
