THIS PERMIT IS ISSUED SUBJECT TO THE FOLLOWING PROVISIONS:

Field use is by permit only. Persons in possession of a permit may ask non-permitted groups to leave the assigned field. If the non-permitted group refuses, the Wellesley Police may be called to remediate (781-235-1212). All incidents should be reported to the Recreation Department as soon as possible.

49.19. Possession and Use of Alcoholic Beverages.

No person shall consume an alcoholic beverage as defined by General Laws Chapter 138, Section 1, as amended, or possess an opened container of such beverage within the limits of any park, playground, public building or any public land (but not including public way) owned or under the control of the Town of Wellesley, except with written permission of the appropriate Town Tribunal having control thereof, nor shall any person consume an alcoholic beverage, as defined in said Section 1, on any public way or way to which the public has a right of access as invitees or licensees, including any person in a motor vehicle while it is in, on, or upon any public way or any way to which the public has a right of access as aforesaid, within the limits of the Town of Wellesley; and no person shall consume any alcoholic beverages, as previously defined, in, on, or upon any private land or place without the consent of the owner or person in control of such private land or place.

Any person who violates this section may be arrested by a police officer without a warrant.

All alcoholic beverages being used in violation of this sentence may be seized and held until final adjudication of the charge against any such person or persons has been made by the court.

Whoever violates the provisions of this section shall be punished by a fine not exceeding fifty (50) dollars for such offense.

INCLEMENT WEATHER: 1) A field is automatically closed if standing water is evident; 2) Evening & weekend decisions are made by league officials; 3) Use of a closed field, or one with standing water, jeopardizes the safety of all, most especially children. Future field permits will be reconsidered. In addition, if the field requires additional maintenance to restore it to a safe condition, the costs may be charged to the league/team/permit holder.

WELLESLEY GREEN INITIATIVE: The Playing Fields Task Force is partnering with Wellesley Green Schools on an important initiative to reduce waste on town fields. We require you to tell coaches, teams, family & friends, to help in the following ways: 1) Please ask players & visiting teams to **BRING REUSABLE WATER BOTTLES TO ALL GAMES & PRACTICES**; 2) Please consider **eliminating the extra drinks & snacks that are often brought to practices & games** (studies show that this has a positive health benefit as well); 3) Consider **naming a team captain to oversee garbage collection & recycling** or encourage players to clean up after themselves; and 4) Please remind players and visiting teams that the Town of Wellesley is committed to sustainable principles and has installed **working water fountains & recycling bins at almost all town fields**.
