*Updated March 2022*

**Town of Milton Inspectional Services  
Fee Schedule (effective 5/1/09)**

**General Conditions:**

Fees for Building, Electrical, Plumbing and Gas are based on each \$1,000 or part thereof, of the value of the proposed work, except where otherwise specified. A fee shall be assessed separately and independently for the respective work of each trade.

Value of work shall include all labor, material, machinery & equipment, machinery & equipment operation, site work, utilities, demolition, disposal, finishes, overhead and profit costs required to complete the project.

Applicants shall submit copies of contracts signed by all responsible parties and/or cost breakdown data as required by the Building Official.

In cases where the owner is performing the work themselves or where project costs may be donated, reasonable values shall be established by the Building Official in keeping with current industry standards.

The Building Official may reference R. S. Means Cost Data publications or other similar publications in establishing or verifying project values.

Materials and products which make up the building or structure permitted shall also include all permanent fixtures and finishes which are regulated by respective laws and regulations including but not limited to cabinets and counters, sinks, tubs, toilets, light fixtures, flooring, tile, carpet, paint, wood and pellet stoves, gas fireplaces, chimney stock, chimney liners, air conditioning systems, boilers, furnaces and water heaters. This shall NOT include appliances such as ranges, refrigerators, washers, dryers, portable air conditioners and articles of similar nature.

The fee for conditions not specifically covered by this fee schedule shall be determined by the Building Official with further approval by the Town Administrator.

Upon completion of project, final costs and values may be reviewed by the Building Official and reconciliation may be required.

**TOWN OF NATICK**  
**Building Department Fees**  
**Effective August 1, 2023**

**Building**

Residential Building Permit	\$20 Per Thousand \$55 Minimum
Commercial Building Permit	\$20 Per Thousand \$110 Minimum
Residential Demolition Permit	\$20 Per Thousand \$110 Minimum
Commercial Demolition Permit	\$20 Per Thousand \$550 Minimum
<u>All Other Misc. Permits*</u>	\$20 Per Thousand \$55 Minimum
Certificate of Occupancy Permit	\$150

**Plumbing**

Residential Plumbing Permit	\$20 Per Thousand \$55 Minimum
Commercial Plumbing Permit	\$20 Per Thousand \$110 Minimum
Residential Gas Permit	\$20 Per Thousand \$55 Minimum
Commercial Gas Permit	\$20 Per Thousand \$110 Minimum

**Electrical**

Residential Electrical Permit	\$20 Per Thousand \$55 Minimum
Commercial Electrical Permit	\$20 Per Thousand \$110 Minimum
Solar PV Electrical Permit	\$20 Per Thousand \$55 Minimum

All construction costs for each trade are rounded up to the next thousand dollars. For example, any project cost from \$14,001-\$14,999 would be calculated as a project costing \$15,000. The permit fee would then be calculated –  $15 \times 20/\text{thousand} = \$300.00$

Multi-family structures which are four units or more must apply for commercial permits. This rule applies for all permits related to the project.

Each individual dwelling unit – Commercial or Residential - requires its own Building, Plumbing/Gas and Wiring permits.

\*Miscellaneous Permits – Tent, Sign, Construction Trailer, etc.

Re-Inspection fee - \$50.00
