

## **Sprague Spring 2026 Afterschool Enrichment**

### **Activity #222500**

#### **Wilderness Studios**

**Instructor:** CinemaKidz

Step into the wild and become the star of your very own reality TV adventure! In this high-octane course, you'll transform into a wilderness expert as you master the secrets of building secret shelters, lighting fires (Using AI!), map making, orienteering, and navigating the great outdoors. But there's a twist—you aren't just surviving; you're filming the whole thing! From dreaming up a fearless "survivor persona" to designing an original game show structure, you'll use cameras, green screens, local outdoor locations, and editing gear to produce a thrilling action-packed show. Whether you're conquering rugged team challenges or adding epic effects in the editing suite, you'll learn exactly what it takes to bring a survival story to life from start to finish.

<b>8 Weeks</b>					<b>Min: 6 /Max: 10</b>
<b>S#</b>	<b>Grade</b>	<b>Day</b>	<b>Time</b>	<b>Date</b>	<b>Price</b>
03	1-4	Mon	3:10-4:10pm	3/30/61 (no 4/20 & 5/25)	\$288.00

#### **Lego Challenges**

**Instructor:** Right Brain Curriculum

Ready, Set, Le-go!

If you love building with Legos, this is the class for you! Each week brings a thrilling challenge—whether it's a helicopter rescue, a space shuttle launch, or Lego Godzilla attacking a city! Partner up and race against the clock to create your masterpiece. Then impress your classmates with your presentation skills. Our Right Brain Curriculum instructors will equip you with the tools to master persuasive language, perfect your eye contact, and maintain stellar posture—all essential for captivating presentations. Legos and public speaking, the perfect combination.

<b>8 Weeks</b>					<b>Min: 6 /Max: 10</b>

05	K-3	Fri	3:10-4:10pm	4/10-6/5 (no 4/24)	\$288.00

#### **Weird Science TV**

**Instructor:** CinemaKidz

Put on your lab coats and secure your goggles- it's time for some whacky science with CinemaKidz! From mixing magic potions and making a slime monster come to life with stop motion, to cave diving for georocks, dissecting frogs, or building bottle rockets - anything is possible in Weird Science Television! Working together in lab teams, kids will learn, then demonstrate and show others how to make mind-blowing experiments and more for their kid-run science show. Using their science skills, these creative kids will create their own Bill Nye-inspired TV show!
